

MultiGeneration by Knoll®

No tools required.

1. Open carton and remove **C** chair shell, **A** base and **B** cylinder.
2. Place chair base upright on floor, stabilizing it so it does not move or slide.
3. Insert cylinder can **B** into **A** base.
4. Carefully place shell onto cylinder, fitting cylinder into hole in bottom of control. Press down firmly to ensure secure fit.
5. Without adjusting seat height, sit in chair to complete assembly.

WARNING: FAILURE TO FOLLOW THESE ASSEMBLY INSTRUCTIONS CAN RESULT IN PRODUCT FAILURE, PERSONAL INJURY OR PROPERTY DAMAGE.
